City Announces Launch of New Website

The City of Black River Falls is pleased to announce the launch of our brand new website! After eight months of hard work and dedication, we are delighted to officially announce the launch of the official website for the City of Black River Falls at www.blackriverfalls.us.

Our goal with this new website is to provide residents and visitors an easier way to learn about the City of Black River Falls. The website offers a convenient search bar to assist visitors in easily navigating the entire site and quickly finding what they are looking for as well as the latest news and notices related to the city.

Features of the new website include access to useful information about our services on the homepage as well as links to our Facebook and Twitter accounts. Those visiting the new website will also find information on our government officials, meetings, city departments, city parks, local ordinances, maps, on-line payment options, and general information for new residents

We hope local residents and visitors to our area find the new website helpful and easy to access information about the city and benefit from the links to other community groups and organizations that make Black River Falls a fine place to raise a family and a dynamic location for businesses

Please visit the new website at www.blackriverfalls.us and follow us on Facebook and Twitter
